Have you seen OCEAN CRAFT's newest technology?

OCEAN CRAFT

POSI **LIFT** HULL

Technology

6000 BEAMY

WATCH VIDEO

Designed to reduce hull friction and enhance comfort and ride,
PosiLift Hull Technology precisely lifts the hull to optimise
unmatched stability and energy recycling during every drive

3300 LONGBOAT CARTOPPA

Posi Lift Hull

POSI LIFT Delayed Lift Bow

Further enhancing speed and power, PosiLift Hull Technology precisely aligns the **Delayed Lift WAVE PUNCHER Bow**. The oversailing tubular design is ultra-lightweight and optimally designed to reduce friction and weight in the water increase hull balance, and ensure proper wave punching performance alignment through the wave

PosiLift Vari Hull Stabiliser

Along with enhanced balance and precision, the PosiLift Stabiliser is lightweight and features Optimised Wake Surfing technology to virtually eliminate shock noise and vibration

PosiLift Wake Surfer Hull

The PosiLift Wake Surfer Hull as well as provide energy efficiency it also provides boat drivers with the ability to quickly retain smooth stabilisation and rock solid outrigger

**stability through its deepest vee monohull trimaran at rest /
outrigger when turning oil drum buoyancy and stability
sponsons**

PosiLift PNEUMATIC PROPERTIES in an ALL ALUMINIUM HULL

**Specifically designed since 2000 and to fit most 2024 and new
OCEAN CRAFT hulls featuring PNEUMATIC PROPERTIES in an
ALL ALUMINIUM HULL feature virtually eliminate shock noise
and vibration**
